Win **£20,000 CASH** when you replace your glass!

We're celebrating 20 years of excellence – and you could win **£20,000 in our Anniversary competition!** To enter, simply spend **£500 or more with us between now and the end of August 2026.**

For over 20 years, Cloudy2Clear, a trusted family-run business, has been the UK's leading domestic glass replacement specialists, serving as your One-Stop Shop for all your glazing requirements – and now we're marking this milestone with an exciting competition where one lucky customer will win £20,000! We take pride in generating our own leads, crafting tailored quotes, and manufacturing our own glass using only the highest-quality materials to ensure exceptional results. Unlike competitors, we never use subcontractors – our team consists entirely of skilled, in-house professionals, guaranteeing consistent quality and reliability. Every glass unit we fit comes with a 25-year guarantee, complemented by comprehensive after-sales care, providing you with lasting peace of mind.

Why opt for costly full window frame replacements that lead to unnecessary redecoration expenses? By replacing

only the failed glass unit, we save you money and minimise disruption – perfect for qualifying for our £20,000 prize draw while upgrading your home. Join over 344,000 satisfied customers who trust our ethical, affordable service. Failed double glazing can compromise your home's protection and energy efficiency, so check your windows today to avoid future costs.

Since 2005, Cloudy2Clear has been committed to saving customers money while supporting local communities. Manager Peter Brummitt explains, "Our focus is on replacing just the glass, not the entire window, which reduces costs and upheaval. As a One-Stop Shop, we manage everything – from lead generation to crafting premium glass with a 25-year guarantee and dedicated after-sales support – making us the smart, cost-effective choice in any economy."

For a free quote (and your chance to enter the competition), call 0800 61 21 118 or visit www.cloudy2clear.co.uk today!

Giving Care Workers Time to Care

The Challenge

Across Scotland, thousands of residential care professionals face a daily reality: supporting vulnerable young people while drowning in administrative tasks. Incident reports, wellbeing logs and progress notes are duplicated across systems that don't communicate. When information sits scattered, managers struggle to spot patterns, compliance becomes a scramble and valuable insights get lost.

Geco Connect set out to solve this.

A Different Approach

Geco Connect emerged from a simple question: what if we could turn everyday observations into meaningful insight without adding to the burden?

Developed through a UKRI-funded Knowledge Transfer Partnership with the University of Strathclyde, Geco Connect was shaped alongside care workers and managers dealing with these challenges daily. The platform uses AI-powered technology to support staff processes by organising information, aligning it with Scotland's wellbeing frameworks and transforming scattered notes into actionable insight.

**Built for Care.
Backed by Outcomes.**

Key Benefits

-  **Time reclaimed**
Record information once, freeing hours for direct support instead of duplicate entry.
-  **Earlier intervention**
Dashboards highlight wellbeing trends, enabling targeted support before issues escalate.
-  **Better collaboration**
Shared information enables coordinated support across staff and leadership.
-  **Confident compliance**
Regulatory obligations met naturally through daily workflows.
-  **AI-supported processes**
Technology strengthens staff capability without replacing the human touch.

The Road Ahead

Geco Connect is expanding across Scotland's residential care sector with growing interest from organisations seeking to transform how they evidence outcomes and support young people. Future development will deepen intelligent insights and scale across the UK and beyond.

The core mission remains unchanged: ensuring every young person's journey is visible, understood and supported while giving professionals tools that enhance their vital work. Geco Connect proves that the best solutions give us back what matters most: time, clarity and focus.
