Are Your Windows Still Steamed Up?

Now is the perfect time to make your home more attractive and energy efficient.

For over 20 years, Cloudy2Clear has been the UK's leading specialist in domestic glass replacement. As a trusted family-run business, we are your one-stop shop for all glazing needs.

Why Choose Cloudy2Clear?

- We generate our own leads and create tailored quotes
- We manufacture our own high-quality glass in-house
- All work is carried out by our own skilled team – no subcontractors
- Every glass unit comes with a 25 year guarantee
- Dedicated after-sales care for complete peace of mind.

Don't replace the entire window
Full frame replacements are expensive and create unnecessary mess and redecoration. We simply replace the failed glass unit – saving you money and minimising disruption.

Common Window Problems
Double glazing seals often fail due to hot days and cool nights causing the glass to expand and contract. This allows air and moisture in, leading to condensation and foggy windows.

Join Over 346,000 Satisfied Customers

- Affordable and ethical service
- Significant cost savings compared to full window replacement
- Faster installation with less upheaval
- Improved energy efficiency and a cooler home.

Manager Peter Brummitt says:
"Our focus is on replacing just the glass, not the entire window. This reduces costs and disruption. As a true one-stop shop, we handle everything from quoting to manufacturing premium glass with a 25-year guarantee."

Ready to upgrade your windows?

geco® CONNECT

Three awards. Two nights. One shared ambition.

Recognition in Glasgow and Ayrshire marks a proud milestone for The Solutions on Demand Group, with Geco Connect at the heart of its innovation story.

October brought a remarkable double celebration for The Solutions on Demand Group. At the Glasgow Business Awards 2026, the team received both **Innovation in Business** and **Best Performing Small-Medium Business**, recognising its creativity alongside its wider business performance.

The following evening brought another success: the **Digital Innovation Award** at the **Ayrshire Business Awards**. Three awards across two nights made this a particularly memorable moment for the team, with Geco Connect central to the innovation entries.

Behind those celebrations lies a story of listening, collaboration and a determination to build technology that makes a practical difference.

Innovation Shaped by the People Who Use It

Geco began with conversations about the challenges facing care and education professionals. Information spread across different systems. Repeated recording. Hours spent gathering material for reports. Valuable knowledge about a child's life that could be difficult to bring together when it mattered most.

Working alongside organisations in the sector, the team set out to create a more connected approach.

Today, Geco brings care, education, wellbeing and safeguarding information together, helping professionals build a clearer picture of each young person's journey. Its development continues to be shaped by the people using it, with their experience informing how the platform evolves.

That collaboration gives these awards particular meaning. Every conversation, piece of feedback and shared challenge has helped turn an idea into something professionals can use in their daily work.

or scan the QR code to request a demo.
Follow us: LinkedIn

A Shared Achievement

The recognition belongs to people across The SOD Group, whose combined expertise has supported Geco's development, and to the early adopters who placed their trust in the platform.

St Philip's, Stepdown, Harmeny and Rossie have each contributed to that journey. Their willingness to challenge, collaborate and share their experience has helped the team understand what useful innovation looks like in practice.

The Knowledge Transfer Partnership with the University of Strathclyde adds another important dimension, bringing academic insight into the platform's continuing development.

For a business rooted in Stewarton, recognition in Ayrshire carries a particular sense of pride. The Glasgow awards also reflect the ambition and collective effort of a team supporting customers across Scotland and beyond.

Looking Towards The Next Chapter

These awards give us a moment to celebrate the progress made and thank the people who have helped make it possible.

They also strengthen our determination to keep improving.

Geco's ambition remains focused on helping professionals spend less time bringing information together and more time using it to support children and young people. As the platform develops, that means continuing to listen, strengthening collaboration and keeping the child's voice at the heart of the journey.

The trophies mark a milestone. The work continues in the homes, classrooms and teams where Geco is used every day.

Our ambition is to turn innovation into more time for care, clearer understanding and better support for every young person.

> ***I love this gym, I've had so much help from other members. I love that I can go any time of the day or night, and it's in walking distance. I feel so safe at this gym and there's such a great variety of equipment in a fairly small space, it's clean, well organised and I rave about it all the time. Smashing gym 10/10 highly recommend.***
>
> **Kate McCallion**

> ***Best wee gym - it has all the equipment you need for a proper session. It's always kept clean, and the shower, toilet, and changing facilities are great. The best part is how friendly it is; there's no gym intimidation here at all. There's a perfect mix of folk from serious lifters to people just trying to get a bit fitter, and everyone is happy to give advice if you ask. Plus, even though it's not huge, it never feels so packed that you can't use the machines you want.***
